Created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858, Iowa State University (ISU) became a land-grant college under the terms of the federal Morrill Act in 1863 and held its first classes in 1869. Renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, it became Iowa State University of Science and Technology in 1959. Historical markers are located throughout the main campus.

ISU was the birthplace of the electronic digital computer and is the home of the nation's oldest state veterinary school. The university pioneered the establishment of agricultural studies on the college level and has been a leader in establishing the profession of home economics.

ISU is a member of the prestigious Association of American Universities. It is accredited by the North Central Association of Colleges and Secondary Schools as well as by appropriate professional organizations.

The Cyclones bring edge-of-your-seat thrills to the Big 12 Conference. ISU sports schedules are listed on pages 20-22.

Its colleges of Agriculture, Business, Design, Education, Engineering, Family and Consumer Sciences, Liberal Arts and Sciences, and Veterinary Medicine have developed more than 100 programs of study. The Graduate College offers approximately 200 major fields of study leading to master's, specialist, and doctor of philosophy degrees. The College of Veterinary Medicine awards the Doctor of Veterinary Medicine degree.

The academic year is divided into three periods: Fall Semester (late August through December), Spring Semester (mid-January to mid-May), and Summer Sessions (June to early August). When classes are in session, the 50 bells of the Campanile provide daily noon-hour concerts.

Sports enthusiasts enjoy ISU's varsity competition in the Big 12 athletics. The ISU Cyclones play basketball in the James H. Hilton Coliseum and football in ISU's Cyclone Stadium/Jack Trice Field.

Campus maps are available in the Memorial Union and the ISU Information Booth located on Elwood Drive on the east side of the Iowa State Center.

Phone Book Recycling

The U S WEST annual phone book recycling event occurs during the delivery of its new directories. Look in your new **U S WEST Dex™ White & Yellow Pages** or in your mailbox for the card indicating the nearest U S WEST collection container.

U S WEST has closed the recycling loop by turning its outdated phone books into recycled directory paper, which is used to print the new **U S WEST Dex™ White & Yellow Pages**. The U S WEST recycling process is a true closed-loop system.

CyRide

General Information

- Wait by the bus stop sign.
- Have correct fare, ticket, or pass ready.
- If a transfer to another route is needed to complete your trip, tell the driver when boarding the bus.
- Passengers should pull the bell cord when the bus is about three-quarters of a block before the desired stop.

Dial-a-Ride

Weekdays: 6:30 a.m.-12:30 a.m.
Saturdays: 7:30 a.m-10:30 p.m
Sundays: 9 a.m.-10:30 p.m.

Dial-A-Ride is a door-to-door special-needs service that operates within Ames city limits. Buses are wheelchair-equipped and drivers are trained to meet the needs of the elderly and persons with disabilities. Call 292-1100 up to 14 days in advance to arrange for a ride.

Fixed Routes

Weekdays: 6:30 a.m.-12:30 a.m.
Saturdays: 7:30 a.m.-10:30 p.m.
Sundays: 9 a.m.-10:30 p.m.

No fixed-route service is offered on Thanksgiving, Christmas, or New Year's Day.

Moonlight Express

Fridays and Saturdays: 10:30 p.m.-2 a.m.

Moonlight Express is a free, safe transportation service offered while ISU is in session. Moonlight Express provides door-to-door service in an area bordered by Mortensen Road, South Dakota, North Dakota, Ontario, 13th Street, Duff Ave., South Duff, South 5th Street, South 4th Street, and Elwood. Call 292-1100 to arrange a ride or for more information.

Orange Route

Orange Route bus service connects the Iowa State Center parking lot with ISU's central campus. Orange Route passengers may park in lots A4 and B6 at the Iowa State Center.

Tickets and Passes

Iowa State University students must show a current ISU registration receipt to ride for the student fare.

Ticket booklets and unlimited ride passes for the student fare and the full fare are available. Call 292-1100 for current prices and sales outlets in Ames.

Wheelchair-accessible Buses

Weekdays: selected trips
Saturdays and Sundays: all buses

To gain access to a wheelchair-accessible bus, be at the bus stop at the designated time. Position the wheelchair so that it will be clear of the lift in its extended position. The driver will give specific instructions on boarding the lift and will assist with wheelchair tie-downs and safety belts. Because some bus stops are not wheelchair-accessible, passengers should inform the driver of their destination. The driver will determine the closest safe location for departure and will assist with deboarding.

Phone Book Recycling

How U S WEST closes the loop in phone book recycling

❶ Each year, U S WEST delivers phone books printed on recycled paper, made from old phone books, to homes and businesses in its 14-state service area.

❷ U S WEST partners with other environmentally responsible businesses to provide recycling drop-off locations for collection of outdated U S WEST phone books. These convenient locations make it easy for people to participate in the U S WEST closed-loop recycling process.

❸ The outdated phone books, collected through our recycling events, are transported to a central warehouse where they are prepared for shipment. Millions of pounds of old phone books are loaded into trucks and trains and shipped to a recycler for recycling.

❹ Trucks and trains make regular deliveries to the recycling mill providing them with old phone books to use as raw material for the manufacturing of recycled directory paper.

❺ The recycler processes the old phone books into paper pulp, removing inks, dyes, and glue. The recycled pulp is reinforced with stronger pulp. The pulp is then manufactured into recycled paper that meets our standards for our new phone books.

❻ Rolls of recycled white and yellow paper are then shipped to printers and printed with current residential, business, and community information. The resulting U S WEST phone books provide the public with the most widely used source of information available 24 hours a day, every day of the year.

❼ These new U S WEST phone books are then delivered to homes and businesses throughout your community and this closed-loop recycling process begins again.

Your Service Cost and Necessary Deposits

What it Costs to Begin or Change Service

The one-time charge to install or change your telephone service depends on the amount of work required. Generally, you're charged for the work required to process your order and to connect or make changes in your service.

If you have our technicians install jacks or wiring inside your home or business, you'll be charged for the time the technician is there and for the materials used. We require advance notice to install new service.

There is no Charge to Disconnect Your Phone Service

Call 1 800 244-1111 (for home) or 1 800 603-6000 (for business) to stop your service. You pay only for the time your phone is connected.

Advance Payments and Deposits

If you are a new customer with U S WEST Communications or have recently moved and need to re-establish service, we may ask for an advance payment or deposit.

Deposits are based on local service and long distance charges. Business customers should call 1 800 603-6000 for information on deposit requirements.

We may require a new or additional deposit if we stop your service because your payment is late. There's also a charge to begin service again.

Your Deposit will be Refunded

With interest after 12 months if your phone bills are paid on time. If you discontinue service during this time, the deposit and interest will be applied to your final bill.

Deposits for Other Companies

U S WEST Communications handles billing and collections for some long distance companies and may require a deposit for these companies. The amount will be based on your estimated long distance charges for two months.

If You Need New Telephone Wiring or Jacks

You have three options:

1. You can have U S WEST Communications do the work. If you have our technicians install jacks or wiring inside your home or business, you'll be charged for the time the technician is there and for the materials used. Call 1 800 244-1111 (for home) or 1 800 603-6000 (for business) for information.
2. You can have an independent contractor do the work.
3. You can do the work yourself.

Consumer Tips

As a U S WEST Communications customer,

you are protected by our company's policies and by the state and federal regulations that guide the way we do business. There are also things you can do to help protect your privacy and safety. Some consumer guidelines are listed here:

You Cannot use an Answering Machine on a Party Line

That's because answering devices cannot give up a line in an emergency. They also disrupt service for everyone on the party line.

Pay Per Call Service Information "900" Numbers

What They are

Private companies offer a variety of informational programs using phone numbers that begin with "900." There is usually a charge for calls to these numbers. Charges for "900" calls appear on the Interexchange Carrier page of your bill. These calls may also include a long distance charge. Calls for which the charge is one dollar or more must contain an introductory disclosure message specifying types of charges, time necessary to complete the call, and an option to disconnect without charge at the end of the introductory message.

The price and content of "900" services are the responsibility of the companies that provide the information. Call 1 800 879-2455 for more information.

How to Block Calls to "900" Numbers

U S WEST Communications will assist you in blocking calls from your line to "900" numbers. There is no charge for the first time a block is placed on your telephone line. For more information on requesting a block call: 1 800 879-2455.

Consumer Tips

Your Privacy is Important

We make every effort to protect your telecommunication services from unlawful wiretapping or other illegal interceptions. Customer service records, credit information and related confidential personal account information are fully protected.

Illegal Wiretapping

It is a crime under federal and state laws for any person to wire tap or otherwise intercept a telephone call unless that person has first obtained a court order or the consent of **all parties** participating in the call. The penalty for illegal wiretapping can be imprisonment and/or a fine.

We May Listen to Calls Between You and Our Employees

It's one way our managers can make sure you're receiving prompt and courteous service and accurate information. These calls are randomly selected and are not recorded. They include calls to our repair bureaus, customer service numbers, directory assistance and "0" operators.

If You Receive Obscene or Harassing Phone Calls

It's against the law to make obscene, threatening or anonymous phone calls. Telephone harassment is a crime. Penalties include imprisonment and/or a fine. Call your U S WEST Communications service representative at 1 800 541-3386 for a free brochure on how to handle these types of phone calls.

Emergency Calls Have Priority on Party Lines

State law says you MUST immediately yield the use of a party line to anyone saying the line is needed for an emergency call. An emergency is any situation in which property or human safety is in jeopardy and emergency service personnel must be summoned. It's against the law to gain control of a party line by falsely stating that an emergency call needs to be made. Penalties for violating party line laws include fines and/or imprisonment.

If You Receive Unwanted Sales and Survey Calls

Take the Following Steps

1. Be skeptical of offers that sound too good to be true; they usually are.
2. Report companies using questionable sales practices to the Better Business Bureau or your state attorney general's office.
3. Disconnect computer-generated calls by hanging up your telephone for 12 to 15 seconds.
4. Contact the Direct Marketing Association to have your name removed from telephone solicitation lists. Write to:
   Telephone Preference Service
   c/o Direct Marketing Association
   P.O. Box 9014, Farmingdale, NY 11735-9014.
5. Call the appropriate number in the box on the top of the previous page to have your name removed–at no charge–from lists that our company leases to other firms. Customers with non-listed or non-published numbers are never included on the lists we lease.
6. Do not give your telephone credit card number to anyone who calls and asks for the number.

Consumer Tips

Telephone Safety Tips

Your telephone is one of the safest appliances in your home or office, but there are times when you should be careful using it.

① Don't use the telephone in the bathtub, shower or swimming pool. Dropping the phone into water could cause a shock.

② Avoid using the telephone during electrical storms. U S WEST Communications uses protective measures to limit electrical surges from entering your home or office, but absolute protection from lightning is impossible.

③ If you suspect a gas leak, use a telephone away from the suspected area to report it. The telephone's electrical components could create a tiny spark when you dial. Although unlikely, that spark could ignite heavy concentrations of gas.

Directory Errors and Omissions

U S WEST Communications' liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listings.

This tariff is on file with the Iowa Utilities Board and is also available for review at your telephone company. U S WEST Communications has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers. In no event does U S WEST Communications assume any responsibility to notify directory users of any error or omission.

If You are Dissatisfied with Your Service

A U S WEST Communications representative will be happy to work with you on any problems you have with our company. Call the number at the top of the following page for assistance.

If U S WEST Communications does not resolve your complaint, you may request assistance from the Utilities Division, Lucas State Office Building, Des Moines, IA 50319, (515) 281-5979.

Consumer Tips

U S WEST Communications

has redesigned your phone bill so that it is easier to read and handle. Because the new bill has fewer pages, it is also easier on the environment. These changes reflect our continuing effort to respond to our customers' concerns and feedback.

Telephone Service –

Paying Your Bill

Make One Payment

Although your bill may include charges from several different companies, you should make your entire payment payable to U S WEST Communications. Unless otherwise required by law, tariff or commission order, partial payments received without customer direction will automatically be prorated by U S WEST based on the ratio of the amount due each company to the total amount due. Customers who are unable to pay in full the amounts due for the telephone services rendered, may designate that partial payments are to be applied to charges for particular services by calling the U S WEST Business Office at the number listed on this page.

Payments Should be Received by the Due Date Listed on Your Bill

The due date on your bill applies to current charges. There is no implied extension on any previous agreement or notice regarding payment of past due charges.

Automatic Payment Plan

You can pay your telephone bill through our Automatic Payment Plan. Your payment is automatically transferred from your checking or savings account each month.

To sign up for this free service, call the Automatic Payment Center at 1 800 851-0134.

Your Monthly Bill may also Include

A mileage charge for customers who live in outlying areas. Call the appropriate service number at the top of this page for more information.

Credit and Refunds

If You are Without Phone Service

For 24 hours or more because of U S WEST Communications line or equipment problems and have reported the problem to our repair service number, you will receive credit for the outage period. It will be applied to your monthly local service charge.

If You Dial a Wrong Number

While making a long distance call within your U S WEST Communications calling area, you can get credit by dialing the "0" operator and asking for a refund. If you've used another long distance company for that call, you must call that company.

Troubleshooting & Repair

Why won't my phone work?

That depends on whether the problem is in your telephone set, in the wiring inside your home or office, or in the outside lines and switching equipment that U S WEST Communications uses to provide you with service. Simple tests can help you determine whether to call U S WEST Communications or another company for assistance. These tests may save you time and money. If you have a party line, call the repair service number for further instructions.

How to Troubleshoot

Check to make sure all telephones are hung up.

Unplug Phones

If you have a phone that doesn't unplug, contact the company that sold or leased it to you for directions on how to remove it.

Outlet Test

If you have two or more telephone outlets in your home, try each phone one at a time in each outlet. If one phone doesn't work anywhere you probably have a phone equipment problem.

1 **Contact the Manufacturer**

If it doesn't work in a particular jack, you probably have a jack problem.

2 **Contact U S WEST Communications or an independent contractor repair expert.**

If none of your phones work in any jack, the problem may be in the U S WEST Communications line.

3 **Contact U S WEST Communications 24 Hour Repair Service Hotline**

Accessories

If you have phone accessories—such as answering machines, cordless phones, a security system, or night bells—make sure that the equipment is working.

4 **The problem may be with the accessories.**

Some Other Helpful Tips

If you hear noise on your line

It may be caused by the weather, aerial satellites, poor grounding or other conditions that are only temporary. Wait until the weather conditions change.

The interference may be caused by radio frequency signals from amateur, citizens band (CB) and AM/FM broadcast stations. The installation of a modular filter, obtainable from most stores selling telephone equipment, may help. Contact your equipment supplier for assistance with these problems.

If you hear a rapid busy signal

While making a local or long distance call, it means that all circuits are busy. Try again later.

If the problem is in your telephone set:

Follow the instructions on your warranty or contact your equipment retailer.

U S WEST Communications cannot repair your telephone equipment.

If the problem is in your jack or the wire that runs through your home or office:

You have three options:

Call U S WEST Communications 24-Hour Reporting Hotline (Home: 1 800 573-1311, Business: 1 800 954-1211). If you subscribe to one of our optional wire maintenance plans, we will repair your jack or inside wiring at no charge. If you don't subscribe, we will still be happy to repair the problem, but we will have to charge you for labor and materials.

Hire any independent contractor or home repair expert to repair your jack or inside wiring.

You can repair the problem yourself.

If the problem is in U S WEST Communications' outside lines or switching equipment:

Call U S WEST Communications 24-Hour Reporting Hotline. See the number at the top of the page.

Long Distance Calling

Calling Long Distance within Iowa

Iowa is divided into five long distance calling areas. (See map on this page.)

*U S WEST Communications provides local and long distance calling service within the boundaries of these areas, but not between them.**

Make long distance calls within your calling area by dialing 1 + area code + the telephone number. U S WEST Communications will charge you for the call. Use another long distance company to make calls between these areas. That company will charge you for those calls and can provide you with rate information and dialing instructions.

** Local phone service may be provided by other telephone companies in these areas.*

Dialing Plan for Iowa

You now need to include the area code between the 1 and the seven digit telephone number on every long distance call you make. This includes long distance calls made within your own area code. Dialing of local calls is not affected. This change is required to make new area codes available to meet the increasing demand for telephone numbers throughout the U.S. and Canada.

Calling Long Distance Outside Your Calling Area

Calling Card Calls

If you have a U S WEST Communications Calling Card, you can make local and long distance calls and charge them to your regular monthly bill. Next to direct dialing, using your Calling Card is the least expensive way to call. Call 1 800 244-1111 (for home) or 1 800 603-6000 (for business) for more information.

The U S WEST Communications Calling Card is accepted by many long distance companies for making calls outside your U S WEST Communications long distance calling area. Here's how to make a Calling Card call to a number within your long distance area:

- From a push-button phone with Touchtone service: Dial 0 + area code + the telephone number, wait for the tone, then dial your Calling Card number.
- From a rotary dial phone: Dial 0 + area code + the telephone number, wait for the operator to answer, say you're placing a Calling Card call, and give your card number.
- To the same telephone number that's on your Calling Card: Dial 0 + area code + the telephone number, wait for the tone, then dial your four-digit personal identification number (the last four numbers on your card). For calls made from another calling area, dial your area code before you dial your phone number.

Rate: Direct dial rate + 60¢ service charge.

Long Distance Calling

Protect Your Card Against Fraud:

1. Use a card reader phone whenever available.
2. Position yourself so that people standing near you cannot watch you dial or hear you say your personal identification number.
3. Never give your personal identification number to anyone calling you, even if they identify themselves as phone company employees, law enforcement agency representatives, or long distance security personnel.
4. Examine your monthly bill.
5. Call the appropriate number on the back of your Security Card immediately if you suspect fraud on your card.

Using the Operator to Make Calls

Within Your Calling Area

There is an additional charge for calls requiring operator assistance. They are more expensive than Calling Card calls or calls dialed directly from your home or office.

Collect Calls

Dial 0 + area code + the number. Tell the operator you're making a collect call. The operator will hang up when someone at the number you've called accepts the charges. Rate: Direct dial rate + $1.30 station calls or $3.50 person-to-person calls service charge.

Calls Charged to a Third Number

Dial 0 + area code + the number. Tell the operator you want to charge your call to a third number. If you're calling from a public (pay) phone, the operator will call the third number to make sure the charges will be accepted. The call won't go through if the operator can't get approval. Rate: Direct dial rate + $1.30 station calls or $3.50 person-to-person calls service charge.

Person-to-Person Calls

Dial 0 + area code + the number. Tell the operator you're making a person-to-person call to a specific person. The operator will hang up and charge you for the call only if that specific person answers. You can place a person-to-person call when you call collect, use your U S WEST Communications Calling Card, or charge your call to a third number. Rate: Direct dial rate + $3.50 service charge.

If You Want to Know how Much Your Call will Cost

Dial 0 + the long distance number. Tell the operator you want "time and charges." When you finish the call, a computer voice will return to the line to tell you what you'll be charged.

Operators can Check a Busy Line

In most areas, to determine if someone is actually speaking on the line. There may be a charge for this service. Rate: Busy verification $1.50. Busy verification and interrupt $3.00.

Outside of Your Calling Area

Contact your long distance company to find out how to use an operator to place calls to other area codes.

Many Companies Have Operators

When away from home, you can choose the long distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call. If the operator does not represent the company you want, or if you are not satisfied with the rates, you may choose another way to place your call.

International Area Codes

You will need to contact your long distance company for instructions on how to place an international call.

Here is a list of the country and city (routing) codes that you may be asked for. Your long distance company can also provide you with information on calls to countries not listed here. If a direct-dialed call to a number longer than 12 digits (including country code) won't go through ask your international long distance company for assistance.

The bold number following the country name is the "Country Code." Numbers beside cities are "City Codes." The number to the right of the country name is the time difference.

TD = Time Difference from Central standard time.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

Warning! If You're Suffering From An Auto Accident Injury (whiplash), Don't Call Any Doctor Until You Read This.

AMES BACK & NECK CARE CENTER North Grand

Did you know there are doctors who specialize in treating people who suffer from auto accident injuries?

It's true. You see, working with motor vehicle accident victims requires a lot of special examination and treatment to help your problem. It also requires a lot of special documentation for insurance companies and attorneys.

It's important that your condition be very carefully and properly treated for maximum recovery. It also has to be thoroughly documented, because what is done and recorded can make the difference in the results of your case.

In addition, the doctor may have to make court appearances or depositions on your behalf. Many physicians aren't willing, or just are not an expert in this.

Fortunately, there is a clinic in Ames that specializes in motor vehicle accident injuries. In addition, they are experts in caring for nerve-muscle-joint problems, especially those of the neck, back, legs, and arms.

Call 233-1709

Same-day appointments usually available to help you end pain and put an expert on your side.

Appointments are available from 7:30 AM to early evening, plus Saturday mornings.

The U S WEST Dex™ Yellow Pages Return On Investment Worksheet

Measure the results of your yellow pages advertising using the six simple steps on this worksheet.

	Example	Your Figures
1. **Number of calls to make one sale.**	2	
2. **Average gross profit per sale.** (Average sale minus direct costs)	$75.00	
3. **Yellow pages investment per month.**	$300.00	
4. **Desired ROI for yellow pages advertising.** (For example, to calculate a 2:1 return on your monthly investment, multiply Line 3 by two)	$600.00	
5. **Number of sales per month to meet ROI expectation.** (Line 4 divided by Line 2)	8	
6. **Number of calls per month to meet ROI expectation.** (Line 5 multiplied by Line 1)	16	

In the example shown, you need 16 people to call or walk in each month to generate the $600.00 in sales necessary to meet a 2:1 return on your investment.

U S WEST Communications

Your complete telephone number is needed on long distance calls, both to and from Jewell, and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers, 82, may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421. After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.
